

# GLOBAL MISSIONS

## 2022 SHORT TERM MISSIONS

### DOMINICAN REPUBLIC

March 5-12, 2022

BUILD MEDICAL CLINIC

HOST MISSIONARY: Rick and Fran Schuessler

Trip size limited to 20

Ages: 16 up (*a lot of manual work on this trip*)

The area the team will be serving in is the most devastated community in the area. The people are very poor, cannot get medical care in their area, and your heart will break for these people when you see the hopelessness in their eyes. The project will be to help finish the inside of the newly constructed Champs Medical Clinic. There will be hanging of drywall, mudding and taping the drywall, electrical and plumbing work, floor tiles to set, light fixture and doors to hang, and painting. At the same time there will be opportunities to be with the 100+ children that attend the ABBA House Children's Center. The children have one time found their meals on the local dump, no education, no spiritual direction. The AHCC provides one hot meal a day, free education and Bible training.

The lodging will be in a safe, very clean A/C motel in Santiago. Each person will have their own bed. All meals are planned with the American cruise in mind. There will be opportunities to taste local foods also. There are no required Covid test to enter the country, but there is a rapid Covid test required to re-enter the United States.

The cost is \$970 plus airfare per person. Total cost \$1,885.

The cost includes: Lodging, meals starting with supper the day your arrive, transportation, insurance, and (5) T-shirts.

It does not include: Luggage fees, re-entry Covid test (\$40), souvenirs, or snacks.
